

## **Concert Update:**

The **October 29th** Benefit Concert was a great success. Standing room only!

*"Your most recent concert was a reflection of the commitment you made to giving to all listeners, the quality of music that enhances the accordion as an instrument. Of all your performances that I have had the privilege to hear, this was truly most memorable. Frank Marocco's material was great but your featured piece [3 Coins In A Fountain] with the Mantovani Orchestra should be your signature piece or trademark - it was marvelous. I can't believe you have any other arrangements in your repertoire that can top that one." Dr. Louis Persic*

The Accordion Day concert on **Nov. 5th** at Acme Accordion School was enjoyed by all who were there.

*"Thanks for your great performance at Stanley Darrow's accordion festival! My friends and I certainly enjoyed hearing you - very inspiring. Also great meeting you in person!" from Richard Marzec*

The **November 11th** FAA SMASH 2006 was a terrific event and everyone who attended had a great time. You can see a pictorial review here:
