

I'm Baaaaaaack!!

Cardiac Rehab has been completed and I am feeling great! The time off has allowed me to prepare a bunch of new material.

My debut back to the concert stage will be at a Benefit Concert this coming October 29th.

The purpose of this benefit concert is to provide needed assistance for the Rossi children:

Victoria age 5 and Mathew age 3 who have been diagnosed with Muscular Dystrophy since birth. Funds are needed for ongoing therapy and special home equipment.

The concert is being sponsored by The DeBellis Performing Arts Center. (973) 482-9051 or (973) 472-5268

The children's Mother, Mrs. Rossi, is one of their teachers.

I've chosen the following programme:

As a tribute to the late Tony Galla-Rini,

I will open my program with his wonderful  
accordion transcription of "Rhapsody in Blue"

This will be followed by a very exciting,  
up-beat Samba recently composed in 2003 by  
the great Jazz Accordionist, Frank Marocco  
entitled "Samba Italiano"

Then two of Astor Piazzolla's most popular  
pieces - "Oblivion" and "Libertango"

And to close out my part of the program,  
I have chosen a number that has been  
requested of me many, many times...  
"Three Coins In The Fountain"

If you can be there, be sure to  
see me and say hello. I am really  
looking forward to this after a  
lay-off of over 6 months.

Long Live the Accordion!
